WEDDINGS SCHEDULED FOR SPRINGTIME

Here at Quiet Walker Lodge we are planning several weddings for Springtime. Two Native American Chippewa guests from Louisiana have decided to plan their special day here at the lodge. We are looking forward to meeting one of the uncles who is a famous native American storyteller.

Another wedding will have a Jesse James style wedding. The bride is a descendant of Jesse James and since Jesse James's mother lived right here in Durango, Iowa it will be an exciting event. Plans are already underway to bring a 1920's "gangster" car to the site for photos.

If you are considering a small wedding of 30 or less guests, consider Quiet Walker Lodge as your event site. Not only is their great photography, but out of town guests can stay at the lodge. Catering is available and florist shops will deliver to the lodge.

TABOR WINES FEATURED AT QUIET WALKER LODGE
